

Speaker Biography – Dr. Blake Clemes

Dr. Blake Clemes graduated from the University of Western Ontario's dental school. He has practiced as a general practitioner in the Guelph and then Palmerston area since 1984. He served as ODA President 2003-2004 and has been active on numerous ODA committees, most recently as the Vice-Chair of the ODA's General Council. He has been lecturing on dental Health and Safety issues since 2012.

Dr. Clemes has received numerous awards, including the Western Dental School's Alumni of Distinction Award in 2004, the ODA Service Award in 2005 and the ODA Barnabus Day Award in 2016.

CSI 2: Office Implementation of Compliance, Safety and Inspections

This course examines how to implement in your dental office the legal requirements of the Occupational Health and Safety Act and related Regulations that were outlined in the first CSI course. This course can act as a checklist that you have fully and completely done your implementation or help you to now do so. It is suggested that at least one member of the dental team has completed the first CSI course in order to properly understand the content and detail of this course.

Course Objectives

Know how to fully implement all requirements of the OH&S Act and associated regulations in your dental office.

To have the information and contacts to procure all required training and any necessary equipment to be compliant.

To be able to properly apply all aspects of the legislation to any unique situations in your dental practice.
