

ODA Student Members

Are invited to attend the Ontario Dental Association's:

munch AND learn

Munch and Learn is a program of the Student Services Committee of the Ontario Dental Association.

Sustainability In Dentistry: What We Can, and Should Do

- Learn how to advocate for sustainability with other stakeholders
- Learn the most effective ways to reduce your carbon footprint in the dental office
- Ways we can all be more sustainable in our personal lives
- Coping with the existential anxiety related to the climate crisis

Thursday March 30, 2023

6:00 pm – 7:30 pm

Schulich Dentistry Western University, Room: DSB 2016

Presenter:

Dr. Laurie Houston
ODA Board Member

Dr. Laurie Houston is a 1985 graduate of U of T Faculty of Dentistry. Laurie is the current Chair of the recently established Environmental Sustainability Working Group of the ODA, a Director on the ODA Board, the creator and moderator of an internationally attended online lecture series: Global Village Speakers Series, and the ED of CanHelp Through HealthCare (chthc.org), a nonprofit she created to deliver dentistry ethically to underserved countries.
